WILLING TO RUN

SEVERAL DEMOCRATS READY TO TAKE CHANCES ON ELECTION.

ELECTION ON MARCH 25

Township Officers and Five Justices to Be Chosen at Spring Election—Nominations at Meeting.

The various townships over the county are to hold their regular township election on Tuesday, March 25. In Polk township a few candidates have announced themselves for office, and within the next few weeks many more will enter the race.

The officers to be selected at this election will be a township trustee, two members of the township board, collector, assessor, constable and five justices of the peace.

The candidates are selected by a township mass convention, which will probably be held on the Saturday before the election.

Burt Rowley, who is now township trustee, will not be a candidate for re-election. John K. Sawyers, Democrat, is being mentioned for this office. The two members of the township board are S. A. Hefflin and C. L. Garrett, and it is said that they will not seek re-election.

E. F. Hamlin will be a candidate to succeed himself as assessor. Mr. Hamlin has made a good assessor, and since he has served only one term his chances are good for the nomination and re-election.

Henry Westfall will not seek the office of collector again. For this office there are many mentioned. Felix Grundy, Marion Smith, Frank Bolin, and probably Frank Ewing and others will be in the race for the Democratic nomination.

Richard Snyder, who is constable now, will be a candidate for re-election. The Democrats will probably pick up a strong man against Snyder.

Polk township is entitled to five justices of the peace, but it is a hard matter in the convention to get anyone to accept these places.

TWO WILLS FILED.

The Latimer and the Starks Wills in Probate Court and Will Be Probated This Week.

Two wills were filed in probate court Tuesday. The will of Maude Latimer was written on November 6, 1912, and was witnessed by A. F. Harvey and Edwin Wallace. By terms of the will Charles and Clara Chenoweth are given \$250 each, Margaret J. Latimer \$100, and the rest and remainder of the estate is given to her husband, James Ivor Latimer. Mr. Latimer is named as executor of the estate.

The other will is that of Nancy Jane Starks, which was written September 6, 1911, and witnessed by M. A. Lewis and J. F. Colby. By terms of the will \$1 is left to each of the following children: Cynthia Ann Dykes, Emma Booth, Caleb N. Starks and Mary Etta Jones, and all the rest and remainder of the estate is given to a daughter, Annette Kelley, who took care of her mother during her last sickness. M. E. Ford is named as executor of the estate.

If the injured young man makes any improvement soon he will be brought to Graham, in the hope the change will be beneficial.

TO FILL FIVE JOBS

COUNTY COURT TO NAME AP- POINTEES AT FEBRUARY SESSION

NOT MUCH SCRAMBLE

Little Opposition to Present Incumbents of Offices—Kane's Application for License to Come Up.

The county court, which will meet in regular session on Monday, will have a busy term. There are five appointments to make, beside the taking up of many other matters, such as action on the saloon petition of John Kane.

The appointments to be made by the court next week will be a county physician and health officer, superintendent of the poor farm, a county highway engineer, janitor of the court house, and title examiner.

Up to Tuesday only a few applications had been received for these appointive offices. For county physician Dr. F. M. Ryan and Dr. A. T. Fisher are being mentioned. Dr. C. V. Martin is the present physician, but it is not known whether he will seek the office again.

W. A. Townsend for janitor of the court house will have opposition in Fred Caudle. Several others are being mentioned for this place.

R. G. Brummitt will probably be selected to succeed himself as superintendent of the poor farm.

No one is mentioned for county highway engineer beside J. E. Reese, who is now holding that office. M. A. Peery, who is title examiner, will probably be selected again for that position.

NORMAL STUDENT DEAD.

Paul Lovett of Gravity, Ia., Died Monday Night of Pneumonia.

Paul Lovett, aged 21, died Monday night at 10:30 o'clock at the home of Mr. and Mrs. H. C. Bower, at 316 South Fillmore street. Pneumonia was the cause of his death. Young Lovett's home was in Gravity, Ia., and he was in Maryville attending the Normal up until he became ill four weeks ago. From the very first his condition was very critical, and at no time was there much hope for his recovery. Both his mother and father were at his bedside when he died.

Out of respect to the memory of young Lovett, who was an exemplary young man of most excellent character, classes at the Normal were dismissed from 10:30 a. m. to 1:30 p. m. Tuesday, and a large number of the faculty and students went in a body to the Burlington noon train, which conveyed the remains to Gravity for burial. The funeral services will be held at Gravity on Wednesday afternoon at 2:30 o'clock.

Paul Lovett was the son of Mr. and Mrs. Jesse Lovett of Gravity, who have been in constant attendance at his bedside since his illness.

Two brothers survive the young man, Glen and Jay Lovett, both at home.

Two friends from Gravity, Mr. Morley and Mr. Nevis, came to Maryville to accompany Mr. and Mrs. Lovett to their home.

Mrs. Lovett is a cousin of Mrs. Bower.

Mrs. G. T. Simmons returned to her home in Parnell Tuesday from her work here as a professional nurse.

Dr. and Mrs. R. E. Ferguson of Elmo were in Maryville Tuesday morning on their way to St. Joseph.

A SUFFRAGE BILL WERE REMARRIED

SENATOR CRAIG TO SPONSOR FIFTY YEARS THE FIRST CERE- MONY BOUND THEM.

DRY TEST THURSDAY HAD CHURCH CEREMONY

County Unit Bill Will Be Test of Strength—Craig Would Censor Moving Picture Films.

A bill providing for the censoring of moving picture films is in course of preparation by Senator Anderson Craig of Maryville, at Jefferson City and probably will be introduced this week in the senate.

"I shall aim to make my bill reach that class of film which plays on laxity of the marriage relation," said Senator Craig, "and which turns on the idea of 'affinities' in matrimony. There are laws now on our statute books, as I understand it, which guard against the display or publication of any improper picture, photograph or printed matter, but they don't touch the evil of the moving picture film, which is never frankly obscene, but is often slyly insinuating and suggestive. Such films cater to the French rather than to the American taste, and they are really more dangerous to the morals of the young than a candidly vicious production would be, because they pass under a cloak of respectability.

"There are plenty of wholesome themes to be had by these moving picture people. There is no need for them to descend to the morbid and unclean. I haven't worked out all of the angles of the bill yet, but expect to have it ready in a few days."

Provides Votes for Women.

"Females shall hereafter have the same right, under the same conditions to vote at all elections held in this state, as males now have or may hereafter have." This proposed amendment to the constitution to be voted on in the general election in November, 1914, is embodied in a joint resolution introduced in the senate Monday by Senator Anderson Craig of Maryville and in the house by Representative Thomas J. Roney of Jasper county. The resolution has the support of the Equal Suffrage association of the state.

A committee hearing will be the signal for an influx of suffragettes from St. Joseph, St. Louis, Kansas City, Springfield, Joplin, and other cities of the state. According to rumor the chief influence against the amendment will be the liquor interests, which fear that with women voting, it will be possible to put over a state-wide prohibition amendment.

Wet-Dry Test Thursday.

The first actual test of strength between the "wet" and "dry" factions of the assembly will come Thursday evening, when the Craig-Hay county unit bill will be special order of business before the house committee on criminal jurisprudence. The measure provides that counties of the state shall vote as a unit on questions of local option, and some say that its effect will be to throw Springfield, Joplin, Maryville and several other cities of the second and third class into the dry column.

E. F. Jones, agent for the Anti-Saloon League of the state, will appear for the bill, while Frank H. Farris of Rolla, to quote his own words, "will represent the opposing interests." Farris has been a member of the legislature almost continuously since 1893, but is now in private life. He was at one time counsel for the Retail Liquor Dealers association of the state. Wednesday of this week he was a visitor to the house of representatives, of which he was a member two years ago, and by invitation delivered an address. It was not generally known at the time that he was lobbying for the liquor interests.

One more was added to the long list of dry bills in the legislature yesterday. It removes the mandatory feature in the matter of dramshop petitions. Under the present law if such a petition bears the signatures of three-fourths of the tax paying citizens and guardians of minors of a block, precinct or township, the licensing authority has no choice but to grant the license. The measure promises to make the issuance of such permits optional with the county court or excise board, without regard to the number of signatures on the petition.

James Tobin and Wife Celebrated Golden Wedding Anniversary With Numerous Relatives.

Fifty years ago last Sunday, in the town of Callan, Ireland, Miss Mary Cummins and Mr. James Tobin were united in marriage; so in honor of the occasion the children, grandchildren and relatives gathered at their home near Burlington Junction, Mo., to celebrate their golden wedding day. All the guests went with Mr. and Mrs. Tobin to St. Benedict's Catholic church in Burlington Junction, at 10 o'clock Sunday morning, where the ceremony was again spoken by Rev. Fr. Patrick Cummins, a nephew of the bride and groom of fifty years ago. Immediately after the ceremony all repaired to the home of Mr. and Mrs. Tobin, where a bounteous dinner was served. During the feast the Rev. Fr. Cummins gave the following original "Golden Wedding Salute":

Join hands today, like once in days of yore

Across the wild Atlantic's rolling plain, Mid happy friends in Callan's holy fane,

Eternal troth you each to other swore, Sad were your hearts as from your cabin door

Moved slow your steps down through the dear bacheen, And from the ship, bright Queens-town's banks between,

Receded slow sad Erin's sunlit shore. Yet, still, there shines around you here today

The light of God like fifty years ago; One heart and soul, eleven children pray,

Bright six and twenty children's children glow In God's home there, as 'round you here below,

Ne'er ending rounds of merriment to play.

(It will be noted that the first letter of each line spell the names James-Mary Tobin.)

Mr. and Mrs. Tobin have eleven children and twenty-six grandchildren, all of whom were present excepting Mrs. Charles Roney and children of Oakes, N. D. The guests were Mr. and Mrs. T. J. Tobin and children, James, Robert, Irene, Francis, Edward and Catherine; Mr. and Mrs. P. J. Tobin and children, Mary, Tom, Jr., Helen, Phil and Francis; Mr. and Mrs. Richard Tobin and children, Richard, Jr., and Lucile; Mr. and Mrs. John Tobin and son, Vincent; Mr. and Mrs. H. J. Messbarger, Mrs. Josephine Boyle and children, Effie, Helen, Frank and Lorraine; Mr. and Mrs. Patrick Cummins and children, Mr. and Mrs. Ed Cummins, Rev. Fr. Patrick Cummins, Thomas Cummins and children, Edmund, Mary and Teresa; Emmett, Leander, Will, Gerald, Mame and Agnes Cummins, Misses Mollie, Nelle and Bertha Tobin, Miss Margaret Tobin of Dubuque, Ia., and John Ryan.

Four of the grandchildren present have had the honor of assisting in the celebration of two golden weddings in the family. They are Mary, Thomas, Helen and Phillip Tobin, children of Mr. and Mrs. P. J. Tobin of Maryville, who eight years ago were at the golden wedding of their mother's parents, Mr. and Mrs. Thomas Sherlock, who make their home in this city with their daughter. If Mr. and Mrs. Sherlock live until the 25th of the coming August they will have been married fifty-nine years.

RARE OLD COINS

A. W. ENIS OF CLYDE HAS MOST VALUABLE COLLECTION.

ROMAN COIN, 300 B. C.

Many Other Rare and Valuable Pieces of Money in the Collection About Which Mr. Enis Can Tell.

A. W. Enis, postmaster at Clyde, has a collection of old coins that just about beats the world. At least, that's the way it looks to us. Collecting old coins and money of other nations has been a hobby of his since he was a little fellow. He has on hand now about three hundred coins of every nation under the sun.

The oldest piece he has is a silver coin of the Roman era. The year of its issue is not given, but the name C. Servil is on it. Servil was procurator or treasurer of the Roman empire about 300 years before the time of Christ.

Another old coin, a large brass one, is dated 1313 and was issued during the reign of Gregory VI.

Mr. Enis also has a large penny of Ireland, issued during the sixteenth century, during a short period of home rule granted that country by England. He also has coins from Japan during the seventeenth century, from China of the eighteenth century, and every other land you can name.

He has coins of the early history of America, the hard time token copper penny, the pine tree emblem coin of Massachusetts, the coin of Connecticut, also a full set of old United States scrip, and money from California dated 1868.

In fact, a thorough study of the pieces of coin in Mr. Enis' possession would be equal to a complete university course in ancient and modern history, and he can tell you all about them, too.

TO TRY BIG SUIT

JUDGE DAVIS WILL SIT AS SPECIAL JUDGE IN GLOVER CASE.

TO COME UP THURSDAY

Fifty Witnesses Will Give Evidence in Sensational Divorce Suit—From Burlington Junction.

The divorce suit of James A. Glover vs. Minnie Glover will be on trial Thursday in an adjourned session of circuit court, with Judge Arch B. Davis of Chillicothe as judge. Judge Ellison, who heard the Glover-Garrett alienation suit, disqualified himself in the divorce suit.

The divorce case will be hotly contested. Mr. Glover will be represented by Shinabargar, Blagg & Ellison, and Mrs. Glover by M. E. Ford and George Pat Wright. About fifty witnesses have been subpoenaed. A number of depositions have been taken in the case in other states.

Mr. Glover charges in his petition that his wife is guilty of adultery. Mrs. Glover in her answer denied the charge and states that her husband is not entitled to a divorce, as his conduct toward her has been one of abuse and of indignities. This is the ground that she is fighting the case on.

The parties in the case are well known and were residents of Burlington Junction.

The divorce suit is an outgrowth of the alienation suit of James A. Glover vs. D. T. Garrett, which was tried at the November term of circuit court. The suit was for \$25,000 and the jury gave the plaintiff a verdict for \$25.

INJURED IN RUNAWAY.

Mrs. Charles Miller Thrown From Buggy and Received Injuries Which Rendered Her Unconscious.

Mrs. Charles Miller, west of Burlington Junction, was severely injured and rendered unconscious by being thrown from a buggy drawn by runaway horses near Burlington Junction Monday evening about 7 o'clock. Mr. and Mrs. Miller, with their son Clarence were driving into town to attend an entertainment at the opera house, and when within a mile of the town met another buggy driven by Mrs. McCommon. The road was narrow, and in passing, the shaft of Mrs. McCommon's buggy caught in the harness of one of the Miller horses, which became frightened and turned around and ran away, the buggy being overturned and the occupants thrown out. Mrs. Miller was picked up unconscious and taken to the office of Dr. Deag, who attended her. She didn't recover consciousness until Tuesday morning, but the physician could find no concussion, and her injuries, aside from numerous bruises, arise from the shock she suffered. She was taken home Tuesday afternoon in the Zarn automobile, and it is thought she will speedily recover. The other occupants of the buggy were unhurt.

WAS A FINE MEETING.

Mrs. Lawrence Heard by Many People
of Our City at the First Christian
Church Sunday Morning.

Mrs. O. W. Lawrence of Kansas City was greeted by an audience that filled the church Sunday morning, when she spoke for the C. W. B. M. at its annual meeting.

Every church in town was largely represented in the audience, for no one could forget the former young pastor, Rev. O. W. Lawrence, whose death occurred a year ago in the west. And it was a tribute to his memory, as well as acknowledgment of her position as his wife, that so many came to hear Mrs. Lawrence, who is so bravely and cheerfully taking up her cross and doing all she can to help spread the gospel her husband preached. Her coming has been an inspiration to all who heard her. Mrs. Lawrence has charge of the C. W. B. M. work in Missouri. Her talk Sunday was principally in the interest of China, the national board having given to Missouri women the first opportunity of opening a station in China, which has become a great field since its awakening in the cause of liberty.

Mrs. Lawrence left for her home Monday evening. She is not only a woman of great personal charm, but added to it is a faith and consecration in the cause of Christianity that cannot fail of winning others to the work in which she is so deeply interested and presents so earnestly.

At the close of the service Sunday Mrs. F. P. Robinson sang "India's Evening Song."

Cold or the Grippe.

It is a positive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Take this wonderful Compound as directed, with the knowledge that there is nothing else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist can supply—accept no substitute—contains no quinine. Belongs in every home. Tastes nice—acts gently.—Advertisement.

REV. ROYSTON RECOVERING.

Barnard Minister Writes Interesting
Letter From Oklahoma, Where
He is Taking Vacation.

Editor of The Democrat-Forum: My family and I are now visiting in Oklahoma and my rheumatism is some better. We visited the first week with my parents at Glencoe, Okla., but now we are at Blackburn, Okla., where I am assisting my brother, Rev. F. R. Royston, in a revival meeting. In meeting the hundreds of people at church, I find many who claim old Missouri as their mother state. Last evening I met Mrs. J. W. Ewart, formerly Miss Sallie Bell, and her daughter, Inez, who are living here. She told me that she and her husband came from Maryville about ten years ago and located at Shawnee, Okla. But her husband having died at Oklahoma City in 1905, she and her daughter came to Blackburn, where they have resided ever since. She also has a sister living with her, Laura Bell, and two brothers living in Oklahoma, J. F. Bell of Afton and Elmer E. Bell of near Blackburn, who was married last spring. Her father, W. H. Bell, died here three years ago.

People seem to be about the same in temperament as the Missouri people and live just as old. My brother conducted the funeral of a lady by the name of Mrs. Nancy J. Halsy, who was 101 years of age.

When we first came down here two weeks ago the young people were enjoying the sport of skating, but it has been warm for the past week and there is no snow or ice on any of the streams.

Blackburn is rather a picturesque place. It is built largely of sand rocks and is located on one of the large bottoms of the Arkansas river, just across from the Osage Indian reservation. As I stood the other day on the river bridge, looking to see what I could see, I saw the clear water of the Arkansas river winding her way like a snake through her large sand beds, rippling here and spreading there in her beauty. I also saw some wagons fording this stream some distance below, and the water was so deep that the men had to stand up in their wagon seats to keep their feet dry.

Hoping these few lines might be of some interest to The Democrat-Forum readers, I shall close.

Yours truly,
W. E. ROYSTON,
Pastor M. E. Church, Barnard, Mo.

130 acres, irrigated, 9 miles from Billings, Montana, one-fourth mile from beet dump; \$4,300, one-fourth cash, balance terms.

Many more just as good, write for a more complete list. I represent several of the best firms in Montana. I farmed here in Missouri all my life until five years ago, when I went to Montana and went to farming, and can say anybody hunting for a good farm cannot beat the Yellowstone Valley, Montana.

Everybody knows what irrigation will do; you are sure of a crop whether it rains or not. Our water supply and water rights are unquestionable. Most of the farms that I have listed are within from one to six miles of the Northern Pacific railroad and the same from the proposed transcontinental automobile road. I have many fine non-irrigated farms listed, which have been bringing in large returns. Personally accompanied excursions first and third Tuesdays. IF CONSTIPATED OR BILIOUS—"CASCARETS"

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleaning and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too—Advertisement.

TRAINS WIVES FOR NINE SONS

St. Louis Woman Sets 5 Year Limit for Servant Girls.

HAS ARRANGED THREE MATCHES

St. Louis, Jan. 28.—Mrs. Louis J. Tichacek of 3616 South Grand avenue trains servant girls in her own home to be wives of her sons. She has made three of these matches and they have been so successful that she has plans for keeping her personally conducted matrimonial system in operation until all her nine sons have taken servants of the family as wives.

Mr. Tichacek, who is a wealthy marble manufacturer and former state representative, also has a system. As each son reaches the age of sixteen he is given an interest in the father's business. Tichacek has just taken his eighth son, Harry, into the firm.

"Their mother finds their wives and I put them in business and everybody is happy," says Tichacek.
"If a girl is good enough to work in my household for five years, she is good enough to marry one of my sons," says Mrs. Tichacek.

POWER FOR KANSAS CITY

Keokuk Dam to Furnish it at One-third Below Present Rates.

Kansas City, Jan. 28.—H. L. Cooper, chief engineer in charge of the construction of the Keokuk dam, has notified the manufacturers of Kansas City that his company expects to convey electric power to that town and sell it at one-third less than the present rates.

"We have contracted to deliver 6,000 electric horsepower to St. Louis," said Mr. Cooper, "and are figuring on extending our lines to Kansas City. We do not plan to transport power farther than 250 miles from Keokuk and that brings Kansas City within our limit. We can put electric power into Kansas City at one-third below the present rate. That is cheaper than the company here could produce it. Our contract in St. Louis is for \$18 a horsepower for a year."

Housewives Are Worried.

Kansas City, Jan. 28.—Anonymous threats directed at the proprietors of a music store where the Housewives league of Kansas City has maintained headquarters have caused worry to the officers of the league that resulted in a decision to suspend operations until a new location is secured. The Housewives' league is trying to raise a fund of \$2,000 with which to open a co-operative produce store.

NO IMMUNITY FOR HEIKE

Convicted Sugar Trust Official Must Serve His Sentence.

Washington, Jan. 28.—Charles Heike, former secretary of the American Sugar Refining company, has no immunity from prosecution for his knowledge of the "sugar weighing frauds" against the government because he testified before the grand jury. The supreme court so held. The court held that Heike must serve his eight months' imprisonment and pay his \$5,000 fine.

Heike was convicted of conspiracy to defraud the government. He had testified at a grand jury investigation under the Sherman anti-trust law, into the affairs of the American Sugar Refining company. Later he was prosecuted in connection with the weighing frauds at the customs docks in Brooklyn.

BOY SCOUTS TO HELP NEEDY

Three Hundred Thousand Youngsters to Forage for Poor Every Week.

New York, Jan. 28.—Seven thousand troops of the Boy Scouts of America, numbering from twenty-four to seventy-five boys each, a total of some 300,000 boys, have enlisted in a campaign to help the poor and afflicted throughout the country, scouting for the needy and the ill, and foraging for supplies for such persons when discovered. This has become a part of scoutcraft, according to a bulletin issued from the central headquarters of the movement. The Boy Scouts are to give an hour's work each week to this service.

Englishmen Fear Gunmen.

New York, Jan. 28.—"Our English papers said the streets of this city were full of blooming gunmen," said Thomas Connor, as he paid a fine for carrying a revolver. Connor and his friend, Thomas Smalley, wealthy Englishmen, were arrested the very day they landed. Both explained that they thought it necessary to carry weapons to protect their property. Each was fined \$25.

OBJECT TO LOW DUTY ON WOOL

Protectionists and Revisionists Keep Up Running Fight.

MANUFACTURERS' LINE INTACT

All Denounce Any Reduction on Clothing—Threat of Lower Wages is Made—No Relenting by Democratic Members of Committee.

Washington, Jan. 28.—Protectionists and revisionists kept up a running fight before the house ways and means committee. The wool tariff was the issue and the manufacturers presented an almost unbroken alignment against reduction of duty on woolen cloth and ready-made clothing, though favoring reduction of the duty on raw wool.

It was the most strenuous fight made at this session of congress against the Democratic plan for revision of the duties in the coming extra session.

"Your schedule never has been cut in the memory of living men," suggested Representative Palmer to A. M. Stafford of Cleveland.

Mr. Stafford contended that the tariff could be reduced only in the event the Democratic party chooses to take the responsibility for a possible reduction of wages of the woolen mill employees. The witness testified to 8 per cent dividends from his mill last year and Representative Harrison suggested that it was rather unbecoming for him in view of the big profits in the industry to hold out a threat of wage reduction.

Through William Goldman of New York, its president, the National Association of Clothiers declared that while free wool was desirable, a move to put wool on the free list was too revolutionary. He said the association endorsed the proposed Democratic rate of 20 per cent ad valorem on wool.

The National Association of Manufacturers, comprising 100 of the woolen mills of the country, through its president, John P. Wood of Philadelphia, presented a tentative schedule of rates, but Mr. Wood admitted that the schedule was approximately the same as the present tariff law.

The committee showed no signs of changing its tentative plan for a revised woolen schedule along the lines of the Democratic bills of the two previous sessions of the congress, which provided for 20 per cent ad valorem on raw wool and from 35 to 50 per cent on cloths, ready-made clothing and other articles.

SICKLES IS NOT LOCKED UP

Widow of General Longstreet Offers to Raise Money If Necessary.

New York, Jan. 28.—Mrs. Helen D. Longstreet, widow of the famous Confederate general, came to the aid of her husband's civil war foe, General Daniel E. Sickles, with an offer to raise \$23,476 among the "ragged and maimed followers of Lee" to pay General Sickles' alleged debt to the state of New York. Sheriff Harburger, who arrested General Sickles in the civil suit brought by the state to recover the money, also indited a letter to many of the richest men in New York asking them to aid the aged veteran.

The sheriff addressed his letter to J. P. Morgan, John D. Rockefeller, Andrew Carnegie and the 450 members of the sheriff's panel, composed of wealthy New Yorkers.

Although technically in custody for a moment General Sickles did not have to leave his home. Sheriff Harburger, who served the order of arrest, had purposely delayed his visit until the bond had been perfected. At the same time the sheriff started a movement to make up the shortage by popular subscription.

AGREE ON U. P.-S. P. SPLIT

Attorney General and Counsel for Both Roads Reach Dissolution Plan.

Washington, Jan. 28.—As a result of the conferences which have been held by the attorney general with counsel for the Union and Southern Pacific railroads an agreement is impending which will be in accordance with the recent decision of the United States supreme court.

The agreement will provide: The Southern Pacific will turn over to the Union Pacific the railroad known as the Central Pacific, which connects Ogden, Utah, and San Francisco. This will assure a coast outlet at San Francisco for the Union Pacific. The Southern Pacific will retain the railroad running from Sacramento to Portland, Ore.

The stock of the Southern Pacific, valued in the neighborhood of \$142,000,000, held by the Union Pacific, will be divided between the stockholders of the Union and Southern Pacific.

Liquors Subject to State Laws.

Washington, Jan. 28.—Liquors imported to the United States become subject to state laws exercising the state police powers when they arrive, according to a decision by the supreme court. In accordance with this view of the Wilson liquor law of 1890, the court upheld the validity of the New Orleans ordinance, which laid a tax upon the business of the Frederick De Barry company insofar as it consisted of selling imported wines in unbroken packages of less than five gallons each.

WILLIAM R. WILLCOX.

Public Service Member Over Whom Hot Fight Is Being Waged In New York.

Mr. Willcox is the central figure in the important New York subway situation. His term expires Feb. 1, and it is in doubt whether Governor Sulzer of New York will allow him to remain over or appoint some one to fill his place. Meanwhile the signing of the contracts worth millions between the city and the transit companies hangs in the balance. If Willcox is allowed to hang over the contracts may go through. If he goes out of office Feb. 1 the consummation of the contracts may be held up till after he has left. His successor may then be opposed to the contracts, thus giving the balance of power against the present agreement.

ALLIES' NOTE TO TURKEY IS DRAFTED

Balkan Delegates Proceed Leisurely With Warlike Move.

London, Jan. 28.—The special committee appointed by the Balkan plenipotentiaries drafted a note notifying the Turkish plenipotentiaries that they propose to break off the peace negotiations. The note was not submitted to the Balkan delegations, which held no meeting. Instead the delegates gave a luncheon in celebration of the saint day of Saba, the patron of the orthodox church.

The note as drafted is very brief. It reminds the Turks that the sittings of the peace conference have been suspended since Jan. 6 without Turkey making any move, while scenes in Constantinople are proof that Turkey's answer to the allies regarding Adrianople and the Aegean islands will be negative.

TAKE OUT NEW CHARTER

Harvester Combine Files Articles for Second Company.

Trenton, N. J., Jan. 28.—Articles incorporating the International Harvester corporation with an authorized capital of \$70,000,000 were filed with the secretary of state, the incorporators being men actively connected with the International Harvester company, a concern already chartered under the laws of New Jersey with an authorized capital of \$140,000,000.

In connection with the filing of the articles of incorporation there was filed with the secretary of state a letter from the International Harvester company, signed by the president, Cyrus H. McCormick, stating that the company has no objection to making use of practically the same title by the International Harvester corporation.

Gold Thieves Go to Jail.

New York, Jan. 28.—The four gold miners from Leadville, Colo., arrested here, charged with stealing \$50,000 worth of gold dust and ore from mines there, were committed to jail without bail to await the return of requisition papers, brought here and forwarded to Governor Sulzer for his signature. According to the complaint the four men have been stealing from the mines for years.

To Contest Re-election of Warren.

Cheyenne, Wyo., Jan. 28.—When the senate adopted the report of the house committee on rules, privileges and elections, seating the two contested Republican senators, the re-election of United States Senator Francis E. Warren became practically assured. The Democratic senators in caucus, however, decided to contest the election of Senator Warren in the national senate.

SULZER HITS WALL STREET

Recommends State Regulation of New York Stock Exchange.

WANTS SEVERAL LAWS PASSED

Governor of New York Thinks Time is Ripe to End Flagrant Abuses and Shifty Schemes to Catch Unwary and Mislead Public.

Albany, N. Y., Jan. 28.—State supervision and regulation of the New York Stock exchange and other stock exchanges are advocated by Governor Sulzer in a message sent by him to the legislature.

The time is ripe in the governor's opinion for the state "to step in and end flagrant abuses, shifty schemes and clever combinations to catch the unwary and mislead the public."

To effect this he recommends the enactment of a group of laws, at least one of which shall provide imprisonment as a penalty for its violation. These laws, the governor said, should apply to certain practices which have been shown to exist by the Pujo committee of the house of representatives and other investigators.

"The testimony of some of the governors of some of the exchanges," Governor Sulzer says, "leaves no doubt in the minds of men of judgment that the exchanges have been either incapable or unwilling to devise measures that will effectively eradicate the evils. It now is the obvious duty of the state, it seems to me, to devise the remedies. If the state neglects to do its plain duty the state should find no fault if the federal government acts in the premises."

Laws Suggested.

Among the measures which Governor Sulzer would have enacted into law are:

A law to distinguish proper transactions of purchase and sale from what are the result of combinations to raise or depress the price of securities without regard to their true value or legitimate supply and demand.

A law to prohibit brokers from selling backward and forward among themselves blocks of particular stocks with intent to deceive or mislead outsiders.

A law making it a criminal offense to "issue any statement or publish any advertisement as to the value of any stock or any security or as to the financial condition of any corporation or company issuing or about to issue stock or securities, where any promise or prediction contained in such statement or advertisement is known to be false or to be not fairly justified by existing conditions."

THORPE NOT AN AMATEUR

Great Indian Athlete Admits Playing Professional Baseball.

New York, Jan. 28.—James Thorpe, the Indian athlete and Olympic champion, admitted that charges of professionalism brought against him were true and formally retired from amateur athletics. Thorpe's confession was contained in a letter to the registration committee of the Amateur Athletic union, which met to investigate his case.

The letter admitted that Thorpe had played baseball for a salary on professional teams three years ago while a student of the Carlisle Indian school.

All the prizes and the honors which Thorpe had gained since 1909—the date from which his standing as a professional begins—must be transferred through the officials of the Amateur Athletic union to the men who finished second to the Indian in every event. This will mean that the trophies and points won in the pentathlon and decathlon must be given respectively to E. R. Blo of Norway and H. Wieslander of Sweden, and that J. J. Donahue of the United States and G. Lomberg of Sweden will take second places.

Court Adds Ten Per Cent to Alimony.

Washington, Jan. 28.—The supreme court not only dismissed the appeal of George Mengel of Scott county, Iowa, from the refusal of the Iowa courts to enjoin the sale of his property to satisfy alimony to his wife, but added 10 per cent damages under the rule which authorizes such an announcement where it appears an appeal was made merely for delay. Mrs. Mengel has due her \$3,450.

Wants to Adopt Woman.

Chicago, Jan. 28.—A petition to adopt "a child about the age of forty-five years," was presented to Judge McKinley in the superior court by Mrs. Martha Frances Collins, sixty-five years old. She desires to adopt Miss Eliza Robinson, who has lived with her for forty years, to make her the legal heir to a large estate. Judge McKinley took the request under advisement.

Fruit Trust Not Party to Any Pool.

Washington, Jan. 28.—Andrew Preston of Boston, president of the United Fruit company, operating eighty-one steamers in the fruit and passenger trade between the United States and the West Indies, told the house shipping trust committee that his company was not a party to any pooling arrangement as to rates and received no rebates or special rates from railroads.

Life Under Pressure.

The bed of the Arctic seas is very fine and plastic, while in the other zones of the Atlantic the bed is covered with reddish mud and an accumulation of the remains of animals that lived in the surface waters, died and slowly sank.

The pressure of these increases about one atmosphere to nearly every 33 feet, so every additional 330 feet adds the pressure of ten atmospheres. When deep-sea fishes are brought to the surface they lose their scales, their teguments become brittle, and they are so inflated by internal distension caused by the lessened pressure that in many cases they burst asunder.

WILLING TO RUN

SEVERAL DEMOCRATS READY TO TAKE CHANCES ON ELECTION.

ELECTION ON MARCH 25

Township Officers and Five Justices to Be Chosen at Spring Election—Nominations at Meeting.

The various townships over the county are to hold their regular township election on Tuesday, March 25. In Polk township a few candidates have announced themselves for office, and within the next few weeks many more will enter the race.

The officers to be selected at this election will be a township trustee, two members of the township board, collector, assessor, constable and five justices of the peace.

The candidates are selected by a township mass convention, which will probably be held on the Saturday before the election.

Burt Rowley, who is now township trustee, will not be a candidate for reelection. John K. Sawyers, Democrat, is being mentioned for this office. The two members of the township board are S. A. Heflin and C. L. Garrett, and it is said that they will not seek reelection.

E. F. Hamlin will be a candidate to succeed himself as assessor. Mr. Hamlin has made a good assessor, and since he has served only one term his chances are good for the nomination and reelection.

Henry Westfall will not seek the office of collector again. For this office there are many mentioned. Felix Grundy, Marion Smith, Frank Bolin, and probably Frank Ewing and others will be in the race for the Democratic nomination.

Richard Snyder, who is constable now, will be a candidate for reelection. The Democrats will probably pick up a strong man against Snyder.

Polk township is entitled to five justices of the peace, but it is a hard matter in the convention to get anyone to accept these places.

TWO WILLS FILED.

The Latimer and the Starks Wills in Probate Court and Will Be Probated This Week.

Two wills were filed in probate court Tuesday. The will of Maude Latimer was written on November 6, 1912, and was witnessed by A. F. Harvey and Edwin Wallace. Mr. Latimer is named as executor of the estate.

The other will is that of Nancy Jane Starks, which was written September 6, 1911, and witnessed by M. A. Lewis and J. F. Colby. By terms of the will \$1 is left to each of the following children: Cynthia Ann Dykes, Emma Booth, Caleb N. Starks and Mary Etta Jones, and all the rest and remainder of the estate is given to a daughter, Angeletta Kelley, who took care of her mother during her last sickness. M. E. Ford is named as executor of the estate.

TO FILL FIVE JOBS

COUNTY COURT TO NAME AP-
POINTMENTS AT FEBRUARY SESSION

NOT MUCH SCRAMBLE

Little Opposition to Present Incumbents of Offices—Kane's Application for License to Come Up.

The county court, which will meet in regular session on Monday, will have a busy term. There are five appointments to make, beside the taking up of many other matters, such as action on the saloon petition of John Kane.

The appointments to be made by the court next week will be a county physician and health officer, superintendent of the poor farm, a county highway engineer, janitor of the court house, and title examiner.

Up to Tuesday only a few applications had been received for these appointments. For county physician Dr. F. M. Ryan and Dr. A. T. Fisher are being mentioned. Dr. C. V. Martin is the present physician, but it is not known whether he will seek the office again.

W. A. Townsend for janitor of the court house will have opposition in Fred Caudle. Several others are being mentioned for this place.

R. G. Brummitt will probably be selected to succeed himself as superintendent of the poor farm.

No one is mentioned for county highway engineer beside J. E. Reese, who is now holding that office. M. A. Peery, who is title examiner, will probably be selected again for that position.

NORMAL STUDENT DEAD.

Paul Lovett of Gravity, Ia., Died Monday Night of Pneumonia.

Paul Lovett, aged 21, died Monday night at 10:30 o'clock at the home of Mr. and Mrs. H. C. Bower, at 316 South Fillmore street. Pneumonia was the cause of his death. Young Lovett's home was in Gravity, Ia., and he was in Maryville attending the Normal up until he became ill four weeks ago. From the very first his condition was very critical, and at no time was there much hope for his recovery. Both his mother and father were at his bedside when he died.

Out of respect to the memory of young Lovett, who was an exemplary young man of most excellent character, classes at the Normal were dismissed from 10:30 a. m. to 1:30 p. m. Tuesday, and a large number of the faculty and students went in a body to the Burlington noon train, which conveyed the remains to Gravity for burial. The funeral services will be held at Gravity on Wednesday afternoon at 2:30 o'clock.

Paul Lovett was the son of Mr. and Mrs. Jesse Lovett of Gravity, who have been in constant attendance at his bedside since his illness.

Two brothers survive the young man, Glen and Jay Lovett, both at home.

Two friends from Gravity, Mr. Morley and Mr. Nevis, came to Maryville to accompany Mr. and Mrs. Lovett to their home.

Mrs. Lovett is a cousin of Mrs. Bower.

Mrs. G. T. Simmons returned to her home in Parnell Tuesday from her work here as a professional nurse.

Dr. and Mrs. R. E. Ferguson of Elmo were in Maryville Tuesday morning on their way to St. Joseph.

A SUFFRAGE BILL WERE REMARRIED

SENATOR CRAIG TO SPONSOR
FIFTY YEARS THE FIRST CERE-
MONY BOUND THEM.

DRY TEST THURSDAY

County Unit Bill Will Be Test of
Strength—Craig Would Censor
Moving Picture Films.

A bill providing for the censoring of moving picture films is in course of preparation by Senator Anderson Craig of Maryville, at Jefferson City and probably will be introduced this week in the senate.

"I shall aim to make my bill reach that class of film which plays on laxity of the marriage relation," said Senator Craig, "and which turns on the idea of 'affinities' in matrimony. There are laws now on our statute books, as I understand it, which guard against the display or publication of any improper picture, photograph or printed matter, but they don't touch the evil of the moving picture film, which is never frankly obscene, but is often slyly insinuating and suggestive. Such films cater to the French rather than to the American taste, and they are really more dangerous to the morals of the young than a candidly vicious production would be, because they pass under a cloak of respectability.

"There are plenty of wholesome themes to be had by these moving picture people. There is no need for them to descend to the morbid and unclean. I haven't worked out all of the angles of the bill yet, but expect to have it ready in a few days."

Provides Votes for Women.

"Females shall hereafter have the same right, under the same conditions to vote at all elections held in this state, as males now have or may hereafter have." This proposed amendment to the constitution to be voted on in the general election in November, 1914, is embodied in a joint resolution introduced in the senate Monday by Senator Anderson Craig of Maryville and in the house by Representative Thomas J. Roney of Jasper county. The resolution has the support of the Equal Suffrage association of the state.

A committee hearing will be the signal for an influx of suffragettes from St. Joseph, St. Louis, Kansas City, Springfield, Joplin, and other cities of the state. According to rumor the chief influence against the amendment will be the liquor interests, which fear that with women voting, it will be possible to put over a state-wide prohibition amendment.

Wet-Dry Test Thursday.

The first actual test of strength between the "wet" and "dry" factions of the assembly will come Thursday evening, when the Craig-Hay county unit bill will be special order of business before the house committee on criminal jurisprudence. The measure provides that counties of the state shall vote as a unit on questions of local option, and some say that its effect will be to throw Springfield, Joplin, Maryville and several other cities of the second and third class into the dry column.

E. F. Jones, agent for the Anti-Saloon League of the state, will appear for the bill, while Frank H. Farris of Rolla, to quote his own words, "will represent the opposing interests." Farris has been a member of the legislature almost continuously since 1893, but is now in private life. He was at one time counsel for the Retail Liquor Dealers association of the state. Wednesday of this week he was a visitor to the house of representatives, of which he was a member two years ago, and by invitation delivered an address. It was not generally known at the time that he was lobbying for the liquor interests.

One more was added to the long list of dry bills in the legislature yesterday. It removes the mandatory feature in the matter of dramshop petitions. Under the present law if such a petition bears the signatures of three-fourths of the tax paying citizens and guardians of minors of a block, precinct or township, the licensing authority has no choice but to grant the license. The measure promises to make the issuance of such permits optional with the county court or excise board, without regard to the number of signatures on the petition.

HAD CHURCH CEREMONY

James Tobin and Wife Celebrated
Golden Wedding Anniversary
With Numerous Relatives.

Fifty years ago last Sunday, in the town of Callan, Ireland, Miss Mary Cummins and Mr. James Tobin were united in marriage; so in honor of the occasion the children, grandchildren and relatives gathered at their home near Burlington Junction, Mo., to celebrate their golden wedding day. All the guests went with Mr. and Mrs. Tobin to St. Benedict's Catholic church in Burlington Junction, at 10 o'clock Sunday morning, where the ceremony was again spoken by Rev. Fr. Patrick Cummins, a nephew of the bride and groom of fifty years ago. Immediately after the ceremony all repaired to the home of Mr. and Mrs. Tobin, where a bounteous dinner was served. During the feast the Rev. Fr. Cummins gave the following original "Golden Wedding Salute."

Join hands today, like once in days of yore
Across the wild Atlantic's rolling plain,
Mid happy friends in Callan's holy fane,
Eternal troth you each to other swore.
Sad were your hearts as from your cabin door
Moved slow your steps down through the dear bacheen,
And from the ship, bright Queens-town's banks between,
Receded slow sad Erin's sunlit shore.
Yet, still, there shines around you here today

The light of God like fifty years ago;
One heart and soul, eleven children pray,
Bright six and twenty children's children glow
In God's home there, as 'round you here below,
Ne'er ending rounds of merriment to play.

(It will be noted that the first letter of each line spell the names James-Mary Tobin.)

Mr. and Mrs. Tobin have eleven children and twenty-six grandchildren, of all of whom were present excepting Mrs. Charles Roney and children of Oakes, N. D. The guests were Mr. and Mrs. T. J. Tobin and children, James, Robert, Irene, Francis, Edward and Catherine; Mr. and Mrs. P. J. Tobin and children, Mary, Tom, Jr., Helen, Phil and Francis; Mr. and Mrs. Richard Tobin and children, Richard, Jr., and Lucile; Mr. and Mrs. John Tobin and son, Vincent; Mr. and Mrs. H. J. Messberger, Mrs. Josephine Boyle and children, Effie, Helen, Frank and Lorraine; Mr. and Mrs. Patrick Cummins and children, Mr. and Mrs. Ed Cummins, Rev. Fr. Patrick Cummins, Thomas Cummins and children, Edmund, Mary and Teresa; Emmett, Leander, Will, Gerald, Mame and Agnes Cummins, Misses Mollie, Nelle and Bertha Tobin, Miss Margaret Tobin of Dubuque, Ia., and John Ryan.

Four of the grandchildren present have had the honor of assisting in the celebration of two golden weddings in the family. They are Mary, Thomas, Helen and Phillip Tobin, children of Mr. and Mrs. P. J. Tobin of Maryville, who eight years ago were at the golden wedding of their mother's parents, Mr. and Mrs. Thomas Sherlock, who make their home in this city with their daughter. If Mr. and Mrs. Sherlock live until the 25th of the coming August they will have been married fifty-nine years.

RARE OLD COINS

A. W. ENIS OF CLYDE HAS MOST
VALUABLE COLLECTION.

ROMAN COIN, 300 B. C.

Many Other Rare and Valuable Pieces
of Money in the Collection About
Which Mr. Enis Can Tell.

A. W. Enis, postmaster at Clyde, has a collection of old coins that just about beats the world. At least, that's the way it looks to us. Collecting old coins and money of other nations has been a hobby of his since he was a little fellow. He has on hand now about three hundred coins of every nation under the sun.

The oldest piece he has is a silver coin of the Roman era. The year of its issue is not given, but the name C. Servil is on it. Servil was procurator or treasurer of the Roman empire about 300 years before the time of Christ.

Another old coin, a large brass one, is dated 1313 and was issued during the reign of Gregory VI.

Mr. Enis also has a large penny of Ireland, issued during the sixteenth century, during a short period of home rule granted that country by England. He also has coins from Japan during the seventeenth century, from China of the eighteenth century, and every other land you can name.

He has coins of the early history of America, the hard time token copper penny, the pine tree emblem coin of Massachusetts, the coin of Connecticut, also a full set of old United States scrip, and money from California dated 1868.

In fact, a thorough study of the pieces of coin in Mr. Enis' possession would be equal to a complete university course in ancient and modern history, and he can tell you all about them, too.

TO TRY BIG SUIT

JUDGE DAVIS WILL SIT AS SPECIAL JUDGE IN GLOVER CASE.

TO COME UP THURSDAY

Fifty Witnesses Will Give Evidence in
Sensational Divorce Suit From
Burlington Junction.

The divorce suit of James A. Glover vs. Minnie Glover, will be on trial Thursday in an adjourned session of circuit court, with Judge Arch B. Davis of Chillicothe as judge. Judge Ellison, who heard the Glover-Garrett alienation suit, disqualified himself in the divorce suit.

The divorce case will be hotly contested. Mr. Glover will be represented by Shinabargar, Blagg & Ellison, and Mrs. Glover by M. E. Ford and George Pat Wright. About fifty witnesses have been subpoenaed. A number of depositions have been taken in the case in other states.

Mr. Glover charges in his petition that his wife is guilty of adultery. Mrs. Glover in her answer denied the charge and states that her husband is not entitled to a divorce, as his conduct toward her has been one of abuse and of indignities. This is the ground that she is fighting the case on.

The parties in the case are well known and were residents of Burlington Junction.

The divorce suit is an outgrowth of the alienation suit of James A. Glover vs. D. T. Garrett, which was tried at the November term of circuit court. The suit was for \$25,000 and the jury gave the plaintiff a verdict for \$25.

INJURED IN RUNAWAY.

Mrs. Charles Miller Thrown From
Buggy and Received Injuries Which
Rendered Her Unconscious.

Mrs. Charles Miller, west of Burlington Junction, was severely injured and rendered unconscious by being thrown from a buggy drawn by runaway horses near Burlington Junction Monday evening about 7 o'clock. Mr. and Mrs. Miller, with their son Clarence were driving into town to attend an entertainment at the opera house, and when within a mile of the town met another buggy driven by Mrs. McCommon. The road was narrow, and in passing, the shaft of Mrs. McCommon's buggy caught in the harness of one of the Miller horses, which became frightened and turned around and ran away, the buggy being overturned and the occupants thrown out. Mrs. Miller was picked up unconscious and taken to the office of Dr. Deam, who attended her. She didn't recover consciousness until Tuesday morning, but the physician could find no concussion, and her injuries, aside from numerous bruises, arise from the shock she suffered. She was taken home Tuesday afternoon in the Zarn automobile, and it is thought she will speedily recover. The other occupants of the buggy were unhurt.

WAS A FINE MEETING.

Mrs. Lawrence Heard by Many People
of Our City at the First Christian
Church Sunday Morning.

Mrs. O. W. Lawrence of Kansas City was greeted by an audience that filled the church Sunday morning, when she spoke for the C. W. B. M. at its annual meeting.

Every church in town was largely represented in the audience, for no one could forget the former young pastor, Rev. O. W. Lawrence, whose death occurred a year ago in the west. And it was a tribute to his memory, as well as acknowledgment of her position as his wife, that so many came to hear Mrs. Lawrence, who is so bravely and cheerfully taking up her cross and doing all she can to help spread the gospel her husband preached. Her coming has been an inspiration to all who heard her. Mrs. Lawrence has charge of the C. W. B. M. work in Missouri. Her talk Sunday was principally in the interest of China, the national board having given to Missouri women the first opportunity of opening a station in China, which has become a great field since its awakening in the cause of liberty.

Mrs. Lawrence left for her home Monday evening. She is not only a woman of great personal charm, but added to it is a faith and consecration in the cause of Christianity that cannot fail of winning others to the work in which she is so deeply interested and presents so earnestly.

At the close of the service Sunday Mrs. F. P. Robinson sang "India's Evening Song."

The evening was spent in social conversation and games. An oyster supper was served by the gentlemen of the company, the ladies being served first. Everybody had a royal good time.

Showered Her With Roses.

The seventy-sixth birthday anniversary of Mrs. N. A. Kavanaugh was beautifully celebrated Monday at the home of her daughter, Mrs. W. C. Frank, who gave a birthday dinner in her honor. Among the guests was Mrs. Richard Saunders of Kansas City, who presented Mrs. Kavanaugh seventy-six Marechal Neil roses. The dinner company included Mrs. Kavanaugh, Mrs. O. W. Lawrence, Miss Margaret Lawrence and Mrs. Richard Saunders of Kansas City, Rev. and Mrs. Claude J. Miller, Mrs. Byron E. Condon, Mr. and Mrs. G. B. Roseberry and daughter. The honor guest was also the recipient of a lovely pot of blooming English violets, and her granddaughter Mrs. Beal Roseberry, gave her an exquisite box of stationery, the envelopes addressed to her regular correspondents, and a fountain pen. In the afternoon Mrs. Kavanaugh received visits from Mrs. Charles T. Bell, Mrs. James B. Robinson, Mrs. J. R. Brink and Mrs. J. D. Frank. Although an invalid, Mrs. Kavanaugh stood the day well and was made extremely happy by the attention and good wishes she received.

REV. ROYSTON RECOVERING.

Barnard Minister Writes Interesting
Letter From Oklahoma, Where
He is Taking Vacation.

Editor of The Democrat-Forum: My family and I are now visiting in Oklahoma and my rheumatism is some better. We visited the first week with my parents at Glencoe, Okla., but now we are at Blackburn, Okla., where I am assisting my brother, Rev. F. R. Royston, in a revival meeting. In meeting the hundreds of people at church, I find many who claim old Missouri as their mother state. Last evening I met Mrs. J. W. Ewart, formerly Miss Sallie Bell, and her daughter, Inez, who are living here. She told me that she and her husband came from Maryville about ten years ago and located at Shawnee, Okla. But her husband having died at Oklahoma City in 1905, she and her daughter came to Blackburn, where they have resided ever since. She also has a sister living with her, Laura Bell, and two brothers living in Oklahoma, J. F. Bell of Afton and Elmer E. Bell of near Blackburn, who was married last spring. Her father, W. H. Bell, died here three years ago.

People seem to be about the same in temperament as the Missouri people and live just as old. My brother conducted the funeral of a lady by the name of Mrs. Nancy J. Halsy, who was 101 years of age.

When we first came down here two weeks ago the young people were enjoying the sport of skating, but it has been warm for the past week and there is no snow or ice on any of the streams.

Blackburn is rather a picturesque place. It is built largely of sand rocks and is located on one of the large bottoms of the Arkansas river, just across from the Osage Indian reservation. As I stood the other day on the river bridge, looking to see what I could see, I saw the clear water of the Arkansas river winding her way like a snake through her large sand beds, rippling here and spreading there in her beauty. I also saw some wagons fording this stream some distance below, and the water was so deep that the men had to stand up in their wagon seats to keep their feet dry.

Hoping these few lines might be of some interest to The Democrat-Forum readers, I shall close.

Yours truly,

W. E. ROYSTON,

Pastor M. E. Church, Barnard, Mo.

Many more just as good, write for a more complete list. I represent several of the best firms in Montana. I farmed here in Missouri all my life until five years ago, when I went to Montana and went to farming, and can say anybody hunting for a good farm cannot beat the Yellowstone Valley, Montana.

Everybody knows what irrigation will do; you are sure of a crop whether it rains or not. Our water supply and water rights are unquestionable. Most of the farms that I have listed are within from one to six miles of the Northern Pacific railroad and the same from the proposed transcontinental automobile road. I have many fine non-irrigated farms listed, which have been bringing in large returns. Personally accompanied excursions first and third Tuesdays. IF CONSTIPATED OR BILIOUS—"CASCARETS"

No Biliousness, Headache, Sick, Sour Stomach, Indigestion, Coated Tongue or Constipation.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a still barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleaning and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too—Advertisement.

TRAINS WIVES FOR NINE SONS

St. Louis Woman Sets 5 Year Limit for Servant Girls.

HAS ARRANGED THREE MATCHES

St. Louis, Jan. 28.—Mrs. Louis J. Tichacek of 3016 South Grand avenue trains servant girls in her own home to be wives of her sons. She has made three of these matches and they have been so successful that she has plans for keeping her personally conducted matrimonial system in operation until all her nine sons have taken servants of the family as wives.

Mr. Tichacek, who is a wealthy marble manufacturer and former state representative, also has a system. As each son reaches the age of sixteen he is given an interest in the father's business. Tichacek has just taken his eighth son, Harry, into the firm.

"Their mother finds their wives and I put them in business and everybody is happy," says Tichacek.

"If a girl is good enough to work in my household for five years, she is good enough to marry one of my sons," says Mrs. Tichacek.

POWER FOR KANSAS CITY

Keokuk Dam to Furnish It at One-third Below Present Rates.

Kansas City, Jan. 28.—H. L. Cooper, chief engineer in charge of the construction of the Keokuk dam, has notified the manufacturers of Kansas City that his company expects to convey electric power to that town and sell it at one-third less than the present rates.

"We have contracted to deliver 6,000 electric horsepower to St. Louis," said Mr. Cooper, "and are figuring on extending our lines to Kansas City. We do not plan to transport power farther than 250 miles from Keokuk and that brings Kansas City within our limit. We can put electric power into Kansas City at one-third below the present rate. That is cheaper than the company here could produce it. Our contract in St. Louis is for \$18 a horsepower for a year."

Housewives Are Worried.

Kansas City, Jan. 28.—Anonymous threats directed at the proprietors of a music store where the Housewives' league of Kansas City has maintained headquarters have caused worry to the officers of the league that resulted in a decision to suspend operations until a new location is secured. The Housewives' league is trying to raise a fund of \$2,000 with which to open a co-operative produce store.

NO IMMUNITY FOR HEIKE

Convicted Sugar Trust Official Must Serve His Sentence.

Washington, Jan. 28.—Charles Heike, former secretary of the American Sugar Refining company, has no immunity from prosecution for his knowledge of the "sugar weighing frauds" against the government because he testified before the grand jury. The supreme court so held. The court held that Heike must serve his eight months' imprisonment and pay his \$5,000 fine.

Heike was convicted of conspiracy to defraud the government. He had testified at a grand jury investigation under the Sherman anti-trust law, into the affairs of the American Sugar Refining company. Later he was prosecuted in connection with the weighing frauds at the customs docks in Brooklyn.

BOY SCOUTS TO HELP NEEDY

Three Hundred Thousand Youngsters to Forage for Poor Every Week.

New York, Jan. 28.—Seven thousand troops of the Boy Scouts of America, numbering from twenty-four to seventy-five boys each, a total of some 200,000 boys, have enlisted in a campaign to help the poor and afflicted throughout the country, scouting for the needy and the ill, and foraging for supplies for such persons when discovered. This has become a part of scoutcraft, according to a bulletin issued from the central headquarters of the movement. The Boy Scouts are to give an hour's work each week to this service.

Englishmen Fear Gunmen.

New York, Jan. 28.—"Our English papers said the streets of this city were full of blooming gunmen," said Thomas Connor, as he paid a fine for carrying a revolver. Connor and his friend, Thomas Smalley, wealthy Englishmen, were arrested the very day they landed. Both explained that they thought it necessary to carry weapons to protect their property. Each was fined \$25.

OBJECT TO LOW DUTY ON WOOL

Protectionists and Revisionists Keep Up Running Fight.

MANUFACTURERS' LINE INTACT

All Denounce Any Reduction on Clothing—Threat of Lower Wages is Made—No Relenting by Democratic Members of Committee.

Washington, Jan. 28.—Protectionists and revisionists kept up a running fight before the house ways and means committee. The wool tariff was the issue and the manufacturers presented an almost unbroken alignment against reduction of duty on woolen cloth and ready-made clothing, though favoring reduction of the duty on raw wool.

It was the most strenuous fight made at this session of congress against the Democratic plan for revision of the duties in the coming extra session.

"Your schedule never has been cut in the memory of living men," suggested Representative Palmer to A. M. Stafford of Cleveland.

Mr. Stafford contended that the tariff could be reduced only in the event the Democratic party chooses to take the responsibility for a possible reduction of wages of the woolen mill employees. The witness testified to 8 per cent dividends from his mill last year and Representative Harrison suggested that it was rather unbecoming for him in view of the big profits in the industry to hold out a threat of wage reduction.

Through William Goldman of New York, its president, the National Association of Clothiers declared that while free wool was desirable, a move to put wool on the free list was too revolutionary. He said the association endorsed the proposed Democratic rate of 20 per cent ad valorem on wool.

The National Association of Manufacturers, comprising 100 of the woolen mills of the country, through its president, John P. Wood of Philadelphia, presented a tentative schedule of rates, but Mr. Wood admitted that the schedule was approximately the same as the present tariff law.

The committee showed no signs of changing its tentative plan for a revised woolen schedule along the lines of the Democratic bills of the two previous sessions of the congress, which provided for 20 per cent ad valorem on raw wool and from 35 to 50 per cent on cloths, ready-made clothing and other articles.

SICKLES IS NOT LOCKED UP

Widow of General Longstreet Offers to Raise Money If Necessary.

New York, Jan. 28.—Mrs. Helen D. Longstreet, widow of the famous Confederate general, came to the aid of her husband's civil war foe, General Daniel E. Sickles, with an offer to raise \$23,476 among the "ragged and maimed followers of Lee" to pay General Sickles' alleged debt to the state of New York. Sheriff Harburger, who arrested General Sickles in the civil suit brought by the state to recover the money, also indited a letter to many of the richest men in New York asking them to aid the aged veteran.

The sheriff addressed his letter to J. P. Morgan, John D. Rockefeller, Andrew Carnegie and the 450 members of the sheriff's panel, composed of wealthy New Yorkers.

Although technically in custody for a moment General Sickles did not have to leave his home. Sheriff Harburger, who served the order of arrest, had purposely delayed his visit until the bond had been perfected. At the same time the sheriff started a movement to make up the shortage by popular subscription.

AGREE ON U. P.-S. P. SPLIT

Attorney General and Counsel for Both Roads Reach Dissolution Plan.

Washington, Jan. 28.—As a result of the conferences which have been held by the attorney general with counsel for the Union and Southern Pacific railroads an agreement is impending which will be in accordance with the recent decision of the United States supreme court.

The agreement will provide: The Southern Pacific will turn over to the Union Pacific the railroad known as the Central Pacific, which connects Ogden, Utah, and San Francisco. This will assure a coast outlet at San Francisco for the Union Pacific.

The Southern Pacific will retain the railroad running from Sacramento to Portland, Ore.

The stock of the Southern Pacific, valued in the neighborhood of \$142,000,000, held by the Union Pacific, will be divided between the stockholders of the Union and Southern Pacific.

Liquors Subject to State Laws.

Washington, Jan. 28.—Liquors imported to the United States become subject to state laws exercising the state police powers when they arrive, according to a decision by the supreme court. In accordance with this view of the Wilson liquor law of 1890, the court upheld the validity of the New Orleans ordinance, which laid a tax upon the business of the Frederick De Barry company insofar as it consisted of selling imported wines in unbroken packages of less than five gallons each.

WILLIAM R. WILLCOX.

Public Service Member Over Whom Hot Fight Is Being Waged In New York.

Mr. Willcox is the central figure in the important New York subway situation. His term expires Feb. 1, and it is in doubt whether Governor Sulzer of New York will allow him to remain over or appoint some one to fill his place. Meanwhile the signing of the contracts worth millions between the city and the transit companies hangs in the balance. If Willcox is allowed to hang over the contracts may be held up till after he has left. His successor may then be opposed to the contracts, thus giving the balance of power against the present agreement.

ALLIES' NOTE TO TURKEY IS DRAFTED

Balkan Delegates Proceed Leisurely With Warlike Move.

London, Jan. 28.—The special committee appointed by the Balkan plenipotentiaries drafted a note notifying the Turkish plenipotentiaries that they propose to break off the peace negotiations. The note was not submitted to the Balkan delegations, which held no meeting. Instead the delegates gave a luncheon in celebration of the saint day of Saba, the patron of the orthodox church.

The note as drafted is very brief. It reminds the Turks that the sittings of the peace conference have been suspended since Jan. 6 without Turkey making any move, while scenes in Constantinople are proof that Turkey's answer to the allies regarding Adrianople and the Aegean islands will be negative.

Reed Pasha, head of the Turkish delegation, in an interview, said he regretted deeply the obstinacy of the allies, which he declared was not only against Turkey's interest but against their own.

J., Jan. 28.—Articles incorporating the International Harvester corporation with an authorized capital of \$70,000,000 were filed with the secretary of state, the incorporators being men actively connected with the International Harvester company, a concern already chartered under the laws of New Jersey with an authorized capital of \$140,000,000.

In connection with the filing of the articles of incorporation there was filed with the secretary of state a letter from the International Harvester company, signed by the president, Cyrus H. McCormick, stating that the company has no objection to making use of practically the same title by the International Harvester corporation.

Gold Thieves Go to Jail.

New York, Jan. 28.—The four gold miners from Leadville, Colo., arrested here, charged with stealing \$50,000 worth of gold dust and ore from mines there, were committed to jail without bail to await the return of requisition papers, brought here and forwarded to Governor Sulzer for his signature. According to the complaint the four men have been stealing from the mines for years.

To Contest Re-election of Warren.

Chevenne, Wyo., Jan. 28.—When the senate adopted the report of the house committee on rules, privileges and elections, seating the two contested Republican senators, the re-election of United States Senator Francis E. Warren became practically assured. The Democratic senators in caucus, however, decided to contest the election of Senator Warren in the national senate.

SULZER HITS WALL STREET

Recommends State Regulation of New York Stock Exchange.

WANTS SEVERAL LAWS PASSED

Governor of New York Thinks Time is Ripe to End Flagrant Abuses and Shifty Schemes to Catch Unwary and Mislead Public.

Albany, N. Y., Jan. 28.—State supervision and regulation of the New York Stock exchange and other stock exchanges are advocated by Governor Sulzer in a message sent by him to the legislature.

The time is ripe in the governor's opinion for the state "to step in and end flagrant abuses, shifty schemes and clever combinations to catch the unwary and mislead the public."

To effect this he recommends the enactment of a group of laws at least one of which shall provide imprisonment as a penalty for its violation. These laws, the governor said, should apply to certain practices which have been shown to exist by the Pujo committee of the house of representatives and other investigators.

"The testimony of some of the governors of some of the exchanges," Governor Sulzer says, "leaves no doubt in the minds of men of judgment that the exchanges have been either incapable or unwilling to devise measures that will effectively eradicate the evils. It now is the obvious duty of the state, it seems to me, to devise the remedies. If the state neglects to do its plain duty the federal government acts in the premises."

Laws Suggested.

Among the measures which Governor Sulzer would have enacted into law are:

A law to distinguish proper transactions of purchase and sale from what are the result of combinations to raise or depress the price of securities without regard to their true value or legitimate supply and demand.

A law to prohibit brokers from selling backward and forward among themselves blocks of particular stocks with intent to deceive or mislead outsiders.

A law making it a criminal offense to "issue any statement or publish any advertisement as to the value of any stock or any security or as to the financial condition of any corporation or company issuing or about to issue stock or securities, where any promise or prediction contained in which statement or advertisement is known to be false or to be not fairly justified by existing conditions."

THORPE NOT AN AMATEUR

Great Indian Athlete Admits Playing Professional Baseball.

New York, Jan. 28.—James Thorpe, the Indian athlete and Olympic champion, admitted that charges of professionalism brought against him were true and formally retired from amateur athletics. Thorpe's confession was contained in a letter to the registration committee of the Amateur Athletic union, which met to investigate his case.

The letter admitted that Thorpe had played baseball for a salary on professional teams three years ago while a student of the Carlisle Indian school.

All the prizes and the honors which Thorpe had gained since 1909—the date from which his standing as a professional begins—must be transferred through the officials of the Amateur Athletic union to the men who finished second to the Indian in every event. This will mean that the trophies and points won in the pentathlon and decathlon must be given respectively to P. R. Blo of Norway and H. Wiesland of Sweden, and that J. J. Donahue of the United States and G. Lomberg of Sweden will take second places.

Court Adds Ten Per Cent to Alimony.

Washington, Jan. 28.—The supreme court not only dismissed the appeal of George Mengel of Scott county, Iowa, from the refusal of the Iowa courts to enjoin the sale of his wife, but added 10 per cent damages under the rule which authorizes such an amendment where it appears an appeal was made merely for delay. Mrs. Mengel has due her \$3,450.

Wants to Adopt Woman.

Chicago, Jan. 28.—A petition to adopt "a child about the age of forty-five years," was presented to Judge McKinley in the superior court by Mrs. Martha Frances Collins, sixty-five years old. She desires to adopt Miss Eliza Robinson, who has lived with her for forty years, to make her the legal heir to a large estate. Judge McKinley took the request under advisement.

Fruit Trust Not Party to Any Pool.

Washington, Jan. 28.—Andrew Pison of Boston, president of the United Fruit company, operating eighty-one steamers in the fruit and passenger trade between the United States and the West Indies, told the house shipping trust committee that his company was not a party to any pooling arrangement as to rates and received no rebates or special rates from railroads.

Life Under Pressure.

The bed of the Arctic seas is very fine and plastic, while in the other zones of the Atlantic the bed is covered with reddish mud and an accumulation of the remains of animals that lived in the surface waters, died and slowly sank.

The pressure of these increases about one atmosphere to nearly every 33 feet, so every additional 330 feet adds the pressure of ten atmospheres. When deep-sea fishes are brought to the surface they lose their scales, their teguments become brittle, and they are so inflated by internal distension caused by the lessened pressure that in many cases they burst asunder.

Second Lawyer—That isn't very complicated.
